

The FCC's proposed change for telephone privacy laws are FAR less than expected. The State of Indiana has a current telephone privacy law in effect currently that really PROTECTS, citizens !!!! Changing thw Indiana State telephone Privacy Laws to a FAR Less Standard such as the proposed FCC standards, will allow telemarketers unwanted calls again. That is a DIRECT VIOLATION of my PRIVACY. It is the FCC's Job to make sure this does not happen. The Fcc's proposed change allows for the Fcc, to make money, The telemarketers to make money, all at My expence. I DON'T THINK SO!!!! MY Life, My Time, My privacy. IT Is The FCC's Job to protect me and my PRIVACY!!!! Forcing the STATE of INDIANA to change Current laws to Your Sub par standards will in no doubt VIOLATE my and the rest of the citizens of Indiana Privacy. PLEASE PROTECT ME, My FAMILY, MY STATE!!!! DONT CHANGE INDIANA's TELEPHONE PRIVACY LAWS!!!!
